

FDC-SP Polyclonal Antibody

Description

Product type	Primary Antibody
Code	BT-AP03190
Host	Rabbit
Isotype	IgG
Size	20ul, 50ul, 100ul
Immunogen	Synthesized peptide derived from the C-terminal region of human FDC-SP.
Mol wt	9700
Species reactivity	Human
Clonality	Polyclonal
Recommended application	IHC-p, ELISA
Concentration	1 mg/ml
Full name	FDC-SP Antibody
Synonyms	FDCSP; C4orf7; Follicular dendritic cell secreted peptide; FDC secreted protein; FDC-SP

This product is for research use only, not for use in human, therapeutic or diagnostic procedure.

Background

FDCSP encodes a small secreted protein that is expressed in follicular dendritic cells. Follicular dendritic cell secreted peptide specifically binds to activated B cells, and functions as a regulator of antibody responses. It is also thought to contribute to tumor metastases by promoting cancer cell migration and invasion. an bind to the surface of B-lymphoma cells, but not T-lymphoma cells, consistent with a function as a secreted mediator acting upon B-cells.

Recommended Dilution

IHC: 1: 100 - 1: 300

ELISA: 1: 40000

Not yet tested in other applications.
