

HA-Tag Polyclonal Antibody

Description

Product type	Primary Antibody
Code	BT-AP06565
Host	Rabbit
Isotype	IgG
Size	100ul, 50ul, 20ul
Immunogen	Synthetic Peptide of HA-Tag
Mol wt	N/A
Species reactivity	Species independent
Clonality	Polyclonal
Recommended application	WB
Concentration	N/A
Full name	HA-Tag
Synonyms	HA-Tag

This product is for research use only, not for use in human, therapeutic or diagnostic procedure.

Background

Human influenza hemagglutinin (HA) is a surface glycoprotein required for the infectivity of the human virus. The HA tag is derived from the HA-molecule corresponding to amino acids 98-106 has been extensively used as a general epitope tag in expression vectors. Many recombinant proteins have been engineered to express the HA tag which does not appear to interfere with the bioactivity or the biodistribution of the recombinant protein.

Recommended Dilution

WB: 1: 5000

Not yet tested in other applications.
