

PGCB Polyclonal Antibody

Description

Product type Primary Antibody

Code BT-AP12971

Host Rabbit

Isotype IgG

Size 100ul, 50ul, 20ul

Immunogen Synthesized peptide derived from part region of human protein

Mol wt N/A

Species reactivity Human, Rat, Mouse

Clonality Polyclonal

Recommended application WB, ELISA

Concentration 1 mg/ml

Full name Brevican core protein

Synonyms Brevican core protein ;Brain-enriched hyaluronan-binding protein;BEHAB;Chondroitin sulfate

proteoglycan 7

This product is for research use only, not for use in human, therapeutic or diagnostic procedure.

Background

This gene encodes a member of the lectican family of chondroitin sulfate proteoglycans that is specifically expressed in the central nervous system. This protein is developmentally regulated and may function in the formation of the brain extracellular matrix. This protein is highly expressed in gliomas and may promote the growth and cell motility of brain tumor cells. Alternate splicing results in multiple transcript variants.

Recommended Dilution

WB: 1: 500 - 1: 2000

ELISA: 1: 5000 - 1: 20000

Not yet tested in other applications.
